TDY for [Redacted]

1. Colonel [Redacted] and Commander [Redacted] have requested from the Field that we arrange to have Mr. [Redacted] of your staff and Mr. [Redacted] of our Engineering staff arrive early in May to meet them in [Redacted]. It is planned to establish a base station [Redacted] to replace the present [Redacted] control and to afford necessary operational capacity.

2. Since [Redacted] has had extensive experience in the field, most recently in behalf of [Redacted] in the negotiation of land, purchase and leasing, processing of shipments through customs, hiring of local labor, letting of construction contracts, etc., it is requested that he be made available for a TDY period to at least initiate work on [Redacted] in conjunction with Mr. [Redacted]. It is felt that your making [Redacted] available will insure that many time consuming details and errors in the establishment of these necessary facilities will be eliminated.
